Oct. 1, 2011

The Wildwoods Hydrofest made a splashy return to the borough's sunset lake on October 1-2 after being cancelled last year due to scheduling conflicts.

The much-anticipated powerboat races consisted of approximately 70 competitors travelling from the East Coast, Ohio, Michigan, and Canada.

The free, two-day event, which included four hours of racing each day along with a six-block marketplace with craft and food vendors, drew a crowd of approximately 20,000 people. Winners were chosen each day. Competitors had the opportunity to win two prominent awards or titles-The North American Championship and The New Jersey Governor's Cup.

HYDROFEST Volunteers that make everything work for a successful weekend event ~Michelle Mettler, Sharon Stocker, Ann Fitzgerald, Jane Schell.
