

The Friends of Elijah Benefit

As a result of the overwhelming contributions from the entire community, with grateful hearts we can say that the Friends of Elijah Benefit was successful. It's a blessing when a community can come together for support at such a tragic time as this! Elijah's family would like to thank everyone personally but the fact is there were just too many to mention! We appreciate every donation, every gift and everyone that helped. Sorry if your name was left out. Thank you South Jersey for your help and support in such a tragic time as this!

Special thanks to the committee:
