

What a Winter!

TROY & MAUREEN CAWLEY were abandoning ship here as they headed offshore to stay with relatives. Many displaced residents due to power outages, (for as long as a week for many,) were taken to local shelters at the Rec Centers. Just in time for Round 2 of the blizzard on Feb. 10th, a super-shelter had been set up at the Wildwood Convention Center for residents. Others went to the Bolero Motel or Montego Bay whose owners were graciously welcoming pets.

Marian & Jon Stevenson made the best of being power-less for an entire week. It felt warmer outside in the sun then inside their home.
